 pilots@urc.org.uk**

**St Cassian's Centre, Kintbury, Berkshire
 (a shuttle will be available from
 and to Reading train station)**

£45 (family discounts available)

Pilots V&N 2016

As older members of Pilots, Voyagers and Navigators sometimes need a bit of time on their own, a chance to chill out, the opportunity to meet others in the same situation, a space to explore some of the questions and ideas which arise from their involvement in Pilots in a safe, fun and welcoming environment.

Every year, 'V&N' brings Voyagers and Navigators from around the country together for four days to share in reflection, worship, games, challenges and activities away from the pressures of their usual contexts, meeting new people and exploring what it is to be part of the wider Pilots family, not to mention building a broader perspective of different views and ways of approaching God, Scripture and faith.

Focussing, this time, on 'Roots and Foundations: Going Up', V&N 2016 will delve into the many questions and ideas raised in Disney's 'Up' about what it means to be rooted in a place, if we ought to be flexible when it comes to moving about, where we ought to be going, what ought to be leading and motivating us... The list goes on.

We'll think about different characters in the Bible and how the movie relates to many of the stories we read there, giving us a lot to think about as we seek to build our own identity and figure out where we're going on our journey of life, on our own, with others and with God.

We'll also make things, lift things up with balloons, draw, sing, paint and talk our way through the fascinating focus of this year's theme, exploring 'Our Roots', 'Our Foundations' and 'Moving on/Branching out'.

Taking place at the **St Cassian's Centre in Kintbury from August 1st to 4th — V&N 2016** promises to be an exciting, engaging and fulfilling few days for all Voyagers and Navigators.

So, what are you waiting for?! Get in touch with the Pilots Desk for a Booking Pack as soon as you can to avoid disappointment.
